## Welcome

**Wow, another big term!**

I would like to start by firstly offering my support to those families impacted by the recent floods. Hopefully we can move past this current influx of disruptions and look forward to a less dramatic and more settled Term 3.

It has been incredibly pleasing to see the positivity and resilience our students have shown during this term with Remote Learning and the recent floods.

The school has a range of supports available to any student or family who may need any additional or ongoing emotional support following these challenges. Please contact your child's classroom teacher for more information.

## Tutor Learning Initiative

In Semester 2, we will be increasing and continuing our Tutor Learning focus. Excitedly, Charlotte Missen and Tayla Gatt will be returning part-time to join Michael Barrett and Kate Yendall, as our program increases across Years 1-6. Students who are participating in this tutoring were identified as requiring additional support to continue their pre-COVID learning.

Parents of students who are identified to participate will receive a letter outlining the program early in Term 3.

## Student Led-Conferences

As you would be aware, in an effort to maintain the settled end of term we have postponed our Student Led-Conferences until early next term. The rescheduled date and student-free day will be communicated to families once it is finalised.

## School Photos

With COVID restrictions easing, our school photos have been rescheduled for Wednesday July 14th. Please see Compass for more information.
