Grey Street Primary School Policy

Homework	School Council Consultation:	October 2026
	Next Review:	October 2029

Our purpose is to empower resilient learners to think critically, actively problem solve, be respectful and positively contribute to their world.

At Grey Street that means that we are all active and resilient learners, who learn in different ways. We challenge and support each other with our learning through setting goals, working persistently, problem solving, using feedback and reflecting on our progress. We value a culture of collaboration and mutual support that is focused on achieving success for all staff, students and members of the school community.

At Grey Street Primary School we are committed to maintaining a safe and inclusive environment for everyone, everywhere, all of the time.

Purpose

The purpose of this policy is to outline to students, parents/carers and school staff Grey Street Primary School's expectations for homework and at-home learning.

Scope

This policy applies to students in all year levels and staff responsible for setting homework.

RATIONALE

Grey Street Primary School has developed this Homework Policy in consultation with the School Council to support student learning and wellbeing by:

- providing opportunities for students to review, revise and reinforce newly acquired skills
- providing opportunities for students to apply new knowledge
- encouraging students to enrich or extend knowledge individually, collectively and imaginatively
- fostering good lifelong learning and study habits
- supporting learning partnerships with parents/carers.

DEFINITIONS

Homework is tasks assigned to students by teachers that are meant to be carried out during non-school hours.

Grey Street Primary School Policy

POLICY

Grey Street Primary School acknowledges that homework should be tailored and adapted to suit the personal and developmental needs of students.

Teachers at Grey Street Primary School are encouraged to exercise their discretion in assigning tasks that are appropriate for their students and most likely to be meaningful.

Prep to Year 4

In the early years, the objective of homework should be to practise and consolidate the concepts that have been introduced during class time. It is also intended to introduce the concepts of self-discipline and responsibility and prepare them for the upper grades.

Assigned homework tasks will build on concepts explored in the classroom and encourage students to use their initiative by gathering additional information or materials.

Homework will mainly consist of daily reading to, with, or by parents/carer or older siblings.

Students are generally not expected to complete more than 30 minutes of homework per day and no homework tasks will be assigned over the weekends or during the holidays.

Year 5 to Year 6

In the upper year levels, the objective of homework is to build on the concepts of self-discipline, responsibility and initiative to prepare students for secondary school.

Assigned homework tasks will include daily independent reading and may include extension assignments, class work, essays and research.

Students are generally not expected to spend more than 45 minutes per day on homework and no homework tasks will be assigned over the weekends or during the holidays.

Shared expectations and responsibilities

Homework is a shared responsibility between the school, teachers, students and their parents/carers. In order to get the most out of homework tasks, it is important that everyone understands their obligations and responsibilities.

Grey Street Primary School will support students by:

- fostering lifelong learning and connecting families with the learning of their children, as part of a comprehensive and balanced curriculum within Victorian schools
- ensuring the school's homework policy is relevant to the needs of students
- advising parents/carers of homework expectations at the beginning of the school year and providing them with a copy of the homework policy
- encouraging parents/carers of early primary school aged children to read to and with their children for enjoyment
- ensuring that upper primary students use homework diaries to provide a regular communication between parents and the school.

Grey Street
Primary School Traralgon

Teachers at Grey Street Primary School will:

- equip students with the skills to solve problems
- encourage real-life problem solving, logical thinking, creativity and imagination
- set varied, challenging and meaningful tasks related to class work to suit the students' learning needs
- give students enough time to complete homework, considering home obligations and extracurricular activities
- assess homework and provide timely and practical feedback and support
- help students develop organisational and time-management skills
- ensure parents/carers are aware of the school's homework policy
- develop strategies within the school to support parents and carers becoming active partners in homework
- offer a wide range of opportunities for families to engage in their children
- avoid setting homework that requires the use of a digital device. This does not prevent students from choosing to use digital devices to support their homework where appropriate.

It is expected that students will take responsibility for their own learning by:

- being aware of the school's homework policy
- discussing with their parents/carers homework expectations
- accepting responsibility for the completion of homework tasks within set time frames
- following up on comments made by teachers
- seeking assistance when difficulties arise
- organising their time to manage home obligations, participation in physical activity and sports, recreational and cultural activities and part-time employment.

It is expected that parents/carers will support their children by:

- developing a positive and productive approach to homework
- ensuring there is a balance between the time spent on homework and recreational activities
- reading to them, talking with them and involving them in learning opportunities during everyday household routines and physical activity
- talking to teachers about any concerns they have about the homework
- attending the school events, productions or displays their child is involved in
- ensuring upper primary students keep a homework diary
- discussing homework with their child in their first language, if English is not the main language spoken at home, and linking it to previous experiences
- linking homework and other learning activities to the families' culture, history and language, linking with relevant services, clubs, associations and community
- ensuring there is a quiet study area for students to complete their homework tasks.

Support for students, parents and carers

Teachers at Grey Street Primary School understand that students have different learning styles and interests, and may approach learning activities and homework differently. If you are concerned that your child may not understand the homework tasks that have been set for him or her, or is spending a long period of time completing their homework, we encourage you to speak to their teacher.

Students may be referred to programs by their teacher in consultation with their parents/carers. For more information about these programs, please contact your child's teacher.
